

This questionnaire is designed to ask important questions of fuel providers and gather data relevant to the sustainability of the fuel or blend purchased. The data collected will be invaluable to the current SBA pilot programs and to the development of more advanced tools for sustainability, including online sourcing and fuel tracking systems. Answering these important questions will also educate and encourage biodiesel providers and endusers to purchase fuel of local origin, and to further consider the impact to the environment and local community.

Fueling Questionnaire for Touring Artists

Operator Questions

Operator Name: _____

Company/Tour/Production name: _____

1. What is the make of the vehicle is being fueled? (year, make, model)

2. What is the average fuel economy of this vehicle? _____

3. What blend has this vehicle been running prior to this fueling? _____

4. How long have you been using biodiesel or biodiesel blends? _____

5. Is this vehicle owned or leased? _____

6. If leased, leasing company? _____

6. Besides advertising the sale of biodiesel, does the fuel provider make any environmental or sustainable claims? If yes please explain.

7. Does this fuel provider accept fleet cards? _____

8. If yes, which cards are accepted? _____

Sustainable Biodiesel Alliance

This questionnaire is designed to ask important questions of fuel providers and gather data relevant to the sustainability of the fuel or blend purchased. The data collected will be invaluable to the current SBA pilot programs and to the development of more advanced tools for sustainability, including online sourcing and fuel tracking systems. Answering these important questions will also educate and encourage biodiesel providers and endusers to purchase fuel of local origin, and to further consider the impact to the environment and local community.

Fueling Questionnaire for Touring Artists

Fuel Questions

1. Where was this biodiesel or biodiesel blend produced?

2. What feedstock was used to produce this biodiesel or biodiesel blend?

3. Where was this feedstock grown or gathered?

4. If crop based, was the feedstock GMO? _____
5. Is the fuel delivery vehicle running on biodiesel or a biodiesel blend?
If so what blend? _____
6. If fueling at a station, does station use alternative energy solutions?
If yes, please explain: _____

Quality Questions

1. Were there any mechanical issues after this fueling? _____
2. If yes, please explain. _____

Thank you using the Sustainable Biodiesel Alliance fueling questionnaire. The information you have collected will add to the database of biodiesel fuel retailers across the country, and help identify important markets nation wide. This valuable data will also answer questions related to the locality and sustainability of the fuel being purchased and help educate and encourage fuel providers to provide a more environmentally and socially sustainable product. Please return finished surveys via email to: information@fuelresponsibly.org or mail the completed questionnaire to:
